KITCHEN & LAUNDRY

PRODUCT CATALOGUE

OLIVERI.COM.AU

THE OLIVERI STORY

We aim to bring fresh, exciting products to market of unquestionable quality and with broad contemporary appeal. In this way we can support our customers with ever increasing choice and confidence in products built to last.

Oliveri has been designing and manufacturing product in Australia since 1947. Our proud heritage is based on consistently high quality products and enviable customer service.

In addition to our locally made product, Oliveri sources and distributes a comprehensive range of sinks, taps, water filter systems and bathroom products from around the globe.

As we continue to grow and adapt, we remain committed to local design development and manufacturing opportunities.

Oliveri Solutions

© Registered trademark of Oliveri Solutions. Under its policy of ongoing product development, Oliveri Solutions may from time to time change product specification without notice. **WARNING:** Products in this brochure and all literature pertaining to, are subject to Intellectual Property Protection. All dimensions given are approximate and should be checked prior to installation. The product images shown are for illustration purposes only and may not be an exact representation of the actual product.

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to oliveri.com.au for warranty details.

International Products

Selected Oliveri sinks, accessories and taps are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

Environmental Statement

This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

SINK SELECTION GUIDE

Here's our step-by-step guide to selecting the right sink and tap for you.

Selecting the right sink /

Installation

Topmount sinks are installed above the bench top, undermount below, and flushmount are installed flush with the bench top. We recommend you go for a topmount sink when using a laminate benchtop.

Cabinet size

Check that your cabinet is wide enough (left to right) and deep enough (front to back) to accommodate your chosen sink.

Pressed or fabricated

Pressed bowls are made from drawing the shape of the bowl out of a sheet of stainless steel, while fabricated bowls are made by folding their shape and welding its sides. Generally fabricated sinks will allow for tight radius edges, while pressed bowls will have a rounder, more traditional shape.

Configuration

How many bowls do you want? How many drainers, if any at all? And do you want the bowl on the left or right hand side?

Finish

Sinks come in polished, brushed and coloured stainless steel as well as fireclay and granite finishes.

Bowl size

Do you want deep bowls for submerging baking trays and other cooking utensils? Or do you just need enough space to wash dishes too fragile for the dishwasher?

Look for these handy icons throughout the catalogue to help select the right sink for you.

Topmount sinks

Suitable for installation above the bench top where the sink is inserted into the cut out. Topmount installation is suitable for all bench tops.

Undermount sinks

Suitable for installation below the bench top and is most often chosen for solid surfaces such as granite.

Flushmount sinks

Suitable for installation above the bench top in a routed edge so the top of the sink and bench top sit flush. Must be installed by a professional.

Alfresco

Sinks ideal for alfresco entertaining.

Laundry

Sinks ideal for use in the laundry.

Tap integration

Do you need a big tap landing for multiple taps? Or do you prefer a sleeker look with no tap landing?

Accessories

Check what custom made accessories are available for your sink, on pages 33 to 36, to make the most of your sink space.

Scratch prevention

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, etc, and will undoubtedly incur scratching. Over time, scratches in steel will appear less obvious as the sink develops its own unique finish. We recommend using bowl and surface protectors to help minimise scratching.

Warranty & service

All Oliveri sinks have a lifetime manufacturer's warranty*. For more information visit oliveri.com.au

*Refer to oliveri.com.au for warranty details.

Selecting the right tap /

Quality /

Trusted name

Look for a reputable brand that supplies quality products that comply with Australian Standards.

Warranty

Compare warranties across products and look for the brand with the most confidence in their products. Oliveri taps come with a 10 - 15 year warranty*.

Watermark

Ensure that the tap you are purchasing has the Watermark Logo (you can usually find it at the back of the tap). This confirms that the tap complies with Australian Standards.

WELS Rating

This rating is designed by the Australian government to indicate the water efficiency of taps and other water related products. The higher the star rating (out of 6) the more water efficient it is.

Design /

Goose neck vs. single lever tap

Goose neck taps make a grand statement in your kitchen, while a single lever tap is simple in design, offering a low-profile look.

Finish

Today, kitchen taps come in an array of finishes from polished chrome, white, matte black, brushed black, gunmetal, natural brass to gold. Choose a finish that compliments the rest of your kitchen appliances.

Functionality /

Spray and select button

Some mixers have an easy-flick button that changes the water pressure from high pressure to shower spray.

Water pressure

Be sure to check that your water pressure is compatible with the guides specified within your warranty.

Pull out mixer

A pull out mixer adds new functionality to your kitchen tap. The pull out gives you extra reach and is particularly helpful when filling pots and vases.

Santorini

Features /

Italian made

Santorini sinks are made in Italy to ensure premium quality and reliability.

Yours for life

This sink comes with a lifetime manufacturer's warranty* or your peace of mind.

Scratch resistant

This resilient sink is ready to battle your knives and forks.

Heat resistant^

The granite is able to withstand thermal shocks and is heat resistant up to 280°C.

Easy to clean

An active agent in the sink resists limescale making it easy to clean.

Heat and sound insulation

Helps maintain the water temperature and absorbs noise.

*We recommend using a surface protector for hot pots which can reach up to 600°C.

These **universal sinks** offer greater flexibility as they are suitable for both topmount and undermount installation.

Sicily Fireclay

Features /

Durability

Fireclay sinks are known for their exceptional durability. They are formed from clay, then glazed, and when fired at very high temperatures, result in a dense, ceramic material that is highly resistant to scratching and chipping.

Heat Resistance

These sinks can withstand high temperatures, making them ideal for handling hot pots and pans without damage.

Stain and Discoloration Resistance

Fireclay sinks do not rust or fade, maintaining their appearance over time. They are also resistant to stains, which can be easily removed with common household cleaning materials.

Aesthetic Appeal

Fireclay farmhouse sinks have a timeless design that evokes feelings of nostalgia and warmth. They are available in a variety of colours and finishes, allowing them to fit seamlessly into different kitchen styles.

Italian Made and Handcrafted

Each fireclay sink is handcrafted in Italy, giving it a unique look and feel for an elevated kitchen or laundry experience.

Easy Maintenance

Besides being rustproof, fireclay sinks are easy to clean, which is crucial for maintaining kitchen hygiene and ensuring food safety.

Puro sink: PU2855

Essente swivel pull out mixer: SS31615

Care Handle: ACCH005

Features /

Accessibility

Care sinks in the Puro range can be installed to comply with the Australian Standard AS1428.2.

Designed for accessibility, Puro sinks feature the following:

- shallow bowl depth
- side tap landing(s)
- insulated underside of bowl as standard
- central waste position

Proudly Aussie made

Puro is one of the many ranges of stainless steel sinks that we produce in our Adelaide factory.

Peace of mind

All Oliveri stainless steel sinks come with a lifetime manufacturer's warranty.*

Installation options

Puro Care sinks are topmount reversible sinks – your installer can install them depending on which side you'd like your sink's waste outlet, tap and drainer.

Tap installation options

The unique Puro non-drainer sink has a tap landing on both ends and can accommodate multiple taps and tap installation locations.

PU2825

900W x 390H x 135D
MAIN BOWL 14 LITRE

Also available with no taphole (PU2820)

PU2855

Sustainability

At Oliveri, sustainability is a core value. We design products to stand the test of time.

We are proud of our ISO 14001 certification, the international standard for effective environmental management, which we earned through our long-term commitment to sustainability.

We work with sustainable materials and operate on **zero waste to landfill** at our Adelaide factory. The durability of our long-lasting products also ensures a reduction in waste.

Over 93% of Oliveri fleet cars are hybrid and **over 50%** of the forklifts in our factory are full-electric!

Our products are designed to stand the test of time. Our kitchen sinks come with a lifetime manufacturer's warranty and our tapware feature warranties lasting up to 15 years.

We have been able to **reduce our carbon emission by 47%** since 2018, with the aim of becoming **carbon neutral by 2025**

All materials used in our kitchen & bathroom packaging is **100% recyclable.**

Bench depth

Make sure your bench is deep enough for your sink. 600mm is the standard depth of a kitchen bench; however this is often not enough for a big laundry tub. Laundry sinks are generally bigger than kitchen sinks, and you'll have hoses tucked in behind your washing machine. We recommend a minimum 650mm deep benchtop in the laundry.

Cabinet width

You'll also need to consider the size of your cabinets, as laundry sinks are normally larger than kitchen sinks. A large laundry tub may require even more space, for example the Oliveri TI70 laundry tub needs a minimum cabinet width of 700mm.

Overflow and bypass plumbing

The Oliveri Laundry range is available with an overflow and bypass plumbing option. An overflow can safeguard against accidental overfilling, while the bypass plumbing will allow washing machine grey water to enter the drain even while the tub is in use.

Overflow option

Bypass plumbing

Essente 316

Features /

Premium finish

Essente 316 swivel pull out mixer: SS31615

Essente 316 care handle for swivel mixer: ACCH005*

Can be
installed to
comply with
AS 1428.1

Features /

Our care handles offer an extended lever that is ideal for those who need a little extra help. These handles can be installed in a home or in spaces needing to comply with AS1428.1, such as care facilities.

Designed to match our Essente tapware range, our care handles ensure added functionality without compromising on design.

Luxe colours

Choose from four luxe colours including sleek stainless steel, bold black, shimmering brushed gold or sophisticated gunmetal.

Durable finishes

Essente's durable finishes are the easy clean choice. Just a gentle wipe with a soft cloth and warm soapy water means you'll get that perfect finish, every time.

Solid construction

These handles are constructed from premium 304 grade stainless steel for increased strength and longevity.

Peace of mind

Our products are made to last, so we've backed every single Essente handle with a 7 year warranty for peace of mind.*
