

This Pop-up Bath Waste is to be installed by a license plumber in accordance with local regulations.

To the Installing Plumber:

A bath plug and waste has the potential to leak between the waste and bath which can cause water damage to the surrounding area. To overcome any potential issues and to effectively eliminate any chance of leaks, use a plumbing grade silicone on the top and bottom of both upper sealing washer and lower sealing washer which will ensure the waste is fully sealed against the bath surface.

1. Apply a light bead of plumbing grade silicone to both sides of the Upper Silicone Seal and fit into the bath waste hole.
2. Apply a light bead of plumbing grade silicone to both sides of the Lower Silicone Seal and fit against the underside of the bath.
3. Screw the outer waste housing onto the male threaded waste body, allow the silicone to dry and check the bath holds water / is watertight.

CARE & MAINTENANCE

Avoid using abrasive or acid-based cleaning products.

WARRANTY

This Pop-Up Waste is warranted to be free from manufacturing defects for a period of: 1 Year replacement of parts, seals, finish and labour.

This warranty does not cover against normal wear and will be voided if the product is misused or not installed in accordance with these instructions.

In the event this product is rendered obsolete and a replacement product is required, Oliveri Solutions Pty Ltd reserves the right to supply a product of equal substitution at their discretion.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be acceptable quality and the failure does not amount to a major failure.

SERVICE

If the Pop-Up Waste requires servicing, please contact your installer (preferably the one who installed it). If the installer is satisfied that the problem is not due to poor installation, contact Oliveri's nominated Service Agent for assistance on:
