## Freestanding Baths

## Installation Instructions

**THIS PRODUCT MUST BE INSTALLED BY A QUALIFIED TRADESPERSON**

Manufactured from premium sanitary grade acrylic, Oliveri's freestanding baths are easy to install, with self-supporting, adjustable feet and can be freely located anywhere in your bathroom.

This manual is designed to provide the correct installation steps and care advice, for a long-lasting installation.

Correct and proper use of your bath will ensure its ongoing performance. Please consult the Caring for Your Bath section below for advice on cleaning and regular maintenance.

### CARING FOR YOUR BATH

Oliveri uses the highest sanitary grade acrylic, however naked flames, cigarettes or strong chemicals will damage the bath and must be avoided and/or removed immediately. To preserve the high gloss acrylic surface:

When filling the bath start with cold water to allow the bath to gradually adapt to the changing temperature.

After using your bath, clean with a soft cloth and warm soapy water to clean away any oils or soap, to prevent tide marks and preserve the high-gloss surface.

Clean using warm soapy water and only mild liquid detergents. Do not use powders, pastes, creams, chemicals, window cleaning sprays or abrasive cleaners.

Scratches can be removed with a fine polish like Brasso.

### STOP AND READ CAREFULLY

#### PRE-INSTALLATION CHECKS

**Inspect the acrylic surface of the bath for damage. Damage found after installation is not covered by the manufacturer's warranty conditions. ANY CLAIMS FOR DAMAGE WILL NOT BE ACCEPTED AFTER INSTALLATION.**

**Protect your bath before and during installation. Scratches, cracks or other surface damage sustained during or after the installation are NOT COVERED BY WARRANTY.**

**Installation must only be carried out by a QUALIFIED TRADESMAN and in accordance with building regulations and any local authority requirements.**

- 10 year warranty (see [oliveri.com.au](http://oliveri.com.au) for details)
- Manufactured to AS/NZ Standard 2023/1995
- Adjustable self-supporting feet
- Central waste position (plug and waste not included)

## INSTALLATION STEPS

### STEP 1

Remove your freestanding bath from the carton and place it in the correct position for installation. Check for damage and ensure your bath does not come in contact with any rough surfaces which may scratch your bath. Place your freestanding bath on cardboard or carpet during installation.

### STEP 2

Turn the self-leveling feet so the bath base is level and 3 - 5mm above the finished floor.

### IMPORTANT

Installing the bath shell directly onto the bath floor will place pressure on the outside wall of the bath and can crack the bath.

**Ensure there is a gap of 3 - 5mm between the bath shell and the floor.**

**Ensure the bath is level so all the water can drain to the waste outlet.**

### STEP 3

Carefully tilt the bath on its side and connect it to the drain outlet. We recommend using a flexible connector. Ensure the flexible connector is cut to the correct length for easier installation and to prevent drainage issues.

### STEP 4

Before finishing, water test for leaks and correct drainage.

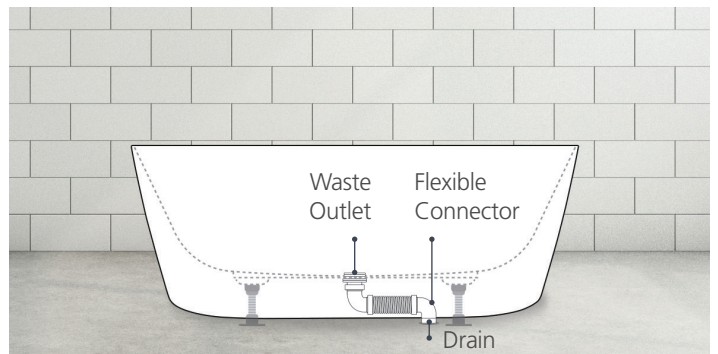

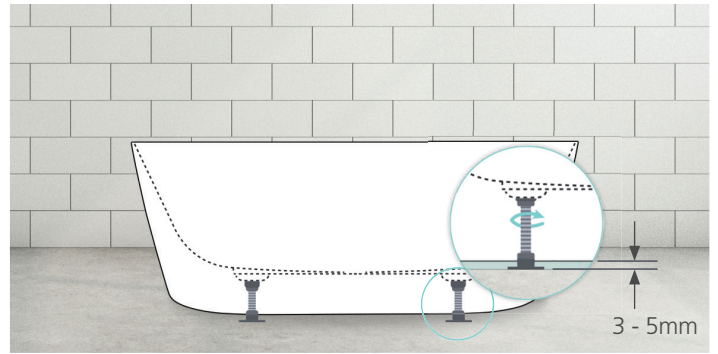

### IMPORTANT

Fill the freestanding bath with water and check the water flows easily to the waste outlet.

**NOTE: A small amount of water may pool due to surface tension.**

### STEP 5

Apply a thick bead of silicon around the bath base and the finished floor and allow it to set for 24 hours before use.

## WARRANTY TERMS & CONDITIONS - DOMESTIC USE

**FREESTANDING BATH - Acrylic Shell / Steel Frame** 10 years replacement product, 1 year labour.

Where a genuine manufacturing defect arises within the warranty period Oliveri will, at its election, repair the defect or replace the product subject to the terms contained in the full warranty information available at <https://oliveri.com.au/service-and-warranty>.

**This warranty does not cover against normal wear and will be voided if the product is misused or not installed in accordance with these instructions.**

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

### SERVICE

If the product requires servicing, please contact your installer (preferably the one who installed it). If the plumber / installer is satisfied that the problem is not due to poor installation, contact Oliveri's nominated Warranty Service Agent for assistance on:

Ph: (08) 8348 6444 (choose the after sales service and warranty option)

Email: [warranty@oliveri.com.au](mailto:warranty@oliveri.com.au)

For full warranty information visit: <https://oliveri.com.au/service-and-warranty>

**If a warranty service call finds that the product does not have a genuine manufacturing fault, our Warranty Service Agent reserves the right to pass on any call-out fee to the householder.**
